Part III EXAMINER'S AMENDMENT / REASONS FOR ALLOWANCE

1. An Examiner's Amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 C.F.R. § 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the Issue Fee.

Authorization for this Examiner's Amendment was given in a telephone interview with Mr. Feix on 10/30/95.

2. The application has been amended as follows:

Cancel claims 17-20.

3. The following is an Examiner's Statement of Reasons for Allowance:

Claims 1-16 are allowable over the prior art of record. None of the prior art references directed to transfer printing involve printing onto a perforated membrane, especially one having an opaque light-reflective surface and a light-absorbing surface. As mentioned by Applicant, the prior art does not recognize the problem which Applicant solves, i.e., eliminating the presence of ink in side walls of the holes of a perforated material. Further, one of the references, Hill, actually teaches away from transfer printing on perforated material by teaching that spraying was used on perforated material.

Any comments considered necessary by applicant must be submitted no later than the payment of the Issue Fee and, to avoid processing delays, should preferably accompany the Issue Fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
